

INNOVATIONS & REVELATIONS

ONTARIO THORACIC SOCIETY PRELIMINARY PROGRAM

Welcome to The Lung Association's Better Breathing Conference 2016, Ontario's premier respiratory conference. The Ontario Thoracic Society (OTS) is the medical section of The Lung Association. We promote respiratory health through medical research and education.

At the Better Breathing Conference you will be among healthcare professionals from many disciplines including respirologists, family physicians, nurses, respiratory therapists, physiotherapists and pharmacists.

The Lung Association is a registered charity that focuses on the prevention and control of asthma, chronic lung disease, smoking cessation and prevention, as well as air quality and its effect on lung health.

The Ontario Thoracic Society (OTS)

Our mission is to promote respiratory health through medical research and education.

1. Facilitate, encourage, and adjudicate clinical, epidemiological, and basic scientific research in the prevention, diagnosis and treatment of respiratory disease and the promotion of respiratory health.
2. Support and facilitate continuing medical education into all aspects of respiratory health and disease throughout the province of Ontario.
3. Provide scientific and educational advice to the Ontario Lung Association (OLA).
4. Assist the OLA in furthering its goals of supporting medical research and conducting community health programs.
5. Liaise with the Canadian Thoracic Society and other provincial thoracic societies in the achievement of common goals.

STUDY CREDITS

Application has been made to the Canadian Thoracic Society Professional Development Committee for an Accredited Group Activity (section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

ONTARIO THORACIC SOCIETY BETTER BREATHING 2016 PLANNING COMMITTEE

CHAIR

Jane Batt, MD, PhD, FRCPC

OTS Better Breathing Conference Chair; Assistant Professor, Faculty of Medicine, University of Toronto; Respiriologist and Medical Director, TB Program, St Michael's Hospital; Scientist, Keenan Research Centre for Biomedical Science, St Michael's Hospital, University of Toronto

MEMBERS

George Chandy, MD, MSc, FRCPC

OTS Chair Elect; Assistant Professor University of Ottawa; Respiriologist, Ottawa Hospital and Ottawa Heart Institute, Ottawa

Hedy Ginzberg, MDCM, FRCPC, PhD

Medical Director, Ontario Thoracic Society, Toronto

John Granton, MD, FRCPC

OTS Past Chair; OLA Chair; Professor, Faculty of Medicine, University of Toronto; Head, Division of Respiriology, University Health Network, Mount Sinai Hospital and Women's College Hospital, Toronto

Lawrence Jackson, BSc, Phm

Clinical Coordinator, Veterans Centre, Department of Pharmacy, Sunnybrook Health Sciences Centre, Toronto

Sherri Katz, MDCM, FRCPC, MSc

Associate Professor, Department of Pediatrics, University of Ottawa; Pediatric Respiriologist and Director, Sleep Laboratory, Children's Hospital of Eastern Ontario, Ottawa

Michael Keim, RRT, MA

Chair, ORCS Education Committee; Lead Educator, Ornge Critical Care Transport, London

Thomas Kovesi, MD, FRCPC

Chair, Ontario Thoracic Society; Professor of Pediatrics, The University of Ottawa; Pediatric Respiriologist, Children's Hospital of Eastern Ontario, Ottawa

Dilshad Moosa, BSc, RRT, CRE, MASc(c)

Manager, Quality Improvement and Health System Integration, Ontario Lung Association, Toronto

Onofre Morán, MD, MSc, PhD, FRCPC

Associate Professor, Department of Medicine, Queens University; Respiriologist, Division of Respiratory and Critical Care Medicine, Kingston

Mitra Niroumand, MD, FRCP(C), D. ABSM

Assistant Professor, Division of Respiriology, University of Toronto; Staff Physician, Mount Sinai Hospital, Toronto

Christopher M. Parker, MD, MSc, FRCPC, FCCP

Associate Professor, Departments of Medicine and Biomedical & Molecular Sciences, Division of Respiratory and Critical Care Medicine, Queen's University; Program Director, Respiriology Training Program, Queen's University; Attending Respiriologist and Co-Director, Intensive Care Unit, Kingston General Hospital, Kingston

Mithu Sen, MD, FRCPC, FCCP, FCCM, FAASM, D.ABSM

Associate Professor of Medicine, Divisions of Respiriology & Critical Care and Sleep Medicine; Assistant Dean, Faculty Equity and Wellness, and Program Director, Critical Care (Adult) Schulich School of Medicine and Dentistry, University of Western Ontario, London

Marcel Tunks, MD, FRCPC

Assistant Professor, Department of Medicine, McMaster University; Medical Director, Pulmonary Function Laboratory, St. Joseph's Healthcare Hamilton

THE ONTARIO THORACIC SOCIETY (OTS)

Membership in the OTS provides the following benefits:

- Receipt of the Ontario Thoracic Reviews. This official publication features updates on current clinical and scientific topics in respiratory medicine.
- Reduced registration fee at the annual scientific conference, Better Breathing. This is the largest respiratory conference in Ontario and features topics of relevance to practitioners, an annual controversies in respiratory medicine forum and state-of-the-art discussions on the application of current respiratory research to clinical respiratory medicine.
- The opportunity to participate in the development of Better Breathing.
- Advance notice of registration for OTS-sponsored continuing medical education events.
- Receipt of published position papers, standards and statements from both the OTS and the Canadian Thoracic Society.
- Updates on OTS and OLA activities.

Active: This category is open to individuals with a medical degree, PhD or equivalent degree or training. Active members pay annual dues of \$95.00, are entitled to one vote at the annual meeting of the Society, and are eligible to hold office.

Associate: Associate membership is open to residents, fellows or graduate students undertaking studies in the medical or allied health sciences, or fellows during their period of training.

Associate members are not required to pay dues, and may not vote or be elected to office, but otherwise enjoy all the privileges of membership in the Society.

Honourary: Individuals who have made distinguished contributions to respiratory health in Ontario may be nominated for an Honourary Life Membership in the Society. Contributions may have come through patient care, exemplary teaching, innovative research or distinguished service to the Ontario Lung Association, the Ontario Thoracic Society, or the community. Honourary Life Members are not required to pay dues, but otherwise enjoy all the privileges of membership in the Society.

YOU'RE INVITED

Our **Inner Circle**, is a network of government leaders, policy makers, medical professionals, and corporate and industry leaders. The Breathe! Gala is our marquee event!

Celebrate advancements in lung health research and join an unstoppable force of like-minded people who are passionate about breathing.

JOIN US and help create breathing breakthroughs

Breathe!

AN EVENING OF INSPIRATION
TO BENEFIT LUNG HEALTH RESEARCH

January 28, 2016 | 6:30 p.m.
Liberty Grand, Toronto

Tickets \$350 | Tables \$3,500
on.lung.ca

OTS CONFERENCE PROGRAM

FRIDAY, JANUARY 29, 2016

6:30 a.m. **Registration**

PLENARY SESSION: Innovations & Revelations

Learning Objectives:

At the end of this session, participants will be able to:

1. Explain how biomass fuel exposure affects individual lung health.
2. Identify new treatment options for lung cancer and understand the role of personalized medicine.

This session addresses the following CanMEDS competencies: Communicator, Collaborator, Health Advocate, Manager, Medical Expert, Professional and Scholar

8:00 a.m. **Welcome Address** – Dr. John Granton, Chair, Ontario Lung Association

8:30 a.m. **THEME: Innovations & Revelations** – Dr. Jane Batt, OTS Better Breathing Chair 2016

8:35 a.m. **Where There's Smoke, There's Lung Disease: Health risks of biomass fuels**
– Dr. Matthew Stanbrook

9:15 a.m. **Canada's Silent Cancer - A tidal wave of progress** – Dr. Natasha Leighl

10:00 a.m. **Refreshment break with exhibitors**

ORCS/OTS JOINT SCIENTIFIC PROGRAM - What's new in lung health

Session Co-Chairs: Dr. Tom Kovesi, OTS Chair, and Shelley Prevost, ORCS Chair

Learning Objectives:

At the end of this session participants will be able to:

1. Explain the role of electronic monitoring and education in patient self-management of asthma.
2. Analyze new ways to manage sleep disordered breathing using home ventilation
3. Identify morbidities associated with hookah and marijuana use.

This session addresses the following CanMEDS competencies: Communicator, Collaborator, Medical Expert, Professional and Scholar

10:45 a.m. **The Electronic Asthma Management System (eAMS): A point-of-care knowledge translation tool for asthma** – Dr. Samir Gupta

11:15 a.m. **CPAP & BIPAP: Home Ventilation – New modes, new names** – Dr. Douglas McKim

11:45 a.m. **Vaping, Hookahs, and Pot: Redefining smoking** – Dr. Marcel Tunks

GENERAL LUNCH or LUNCH WITH A PROFESSOR

12:15 p.m. **1. General Lunch**

12:15 p.m. **2. Inhalers and Devices for Asthma and COPD: A hands on session**
– Dr. Mirna Dolovich and Dr. Diane Loughheed

Learning Objective:

At the end of this session participants will be able to know how to correctly use Inhalers and Devices as it relates to their pharmacologic and clinical action in Asthma/COPD

This session addresses the following CanMEDS competencies: Professional & Manager, Medical Expert, and Professional & Scholar

12:15 p.m. **3. BBC 2016 Team Challenge** – Dr. Onofre Morán and Dr. Christopher Parker

Learning Objective:

At the end of this session, participants will be able to identify key concepts in the diagnosis and management of respiratory diseases as per current guidelines recommendations in the new "BBC Team Challenge"

This session addresses the following CanMEDS competencies: Communicator, Medical Expert, and Professional & Scholar

OTS CONFERENCE PROGRAM

FRIDAY, JANUARY 29, 2016

GENERAL LUNCH or LUNCH WITH A PROFESSOR (continued)

12:15 p.m. **4. Dr. André Péloquin Clinical Case Series** – Chair: Dr. Raymond Gottschalk
Speakers: Dr. David Schneiderman, Dr. Robert Chernish, Dr. Zoe Nugent

Learning Objective:

At the end of this session participants will be able to diagnose and manage challenging respiratory cases in community practice.

This session addresses the following CanMEDS competencies: Communicator, Medical Expert & Scholar

CONCURRENT AFTERNOON SESSIONS

1:45 p.m. **OTS AFTERNOON SESSION - THEME: STATE OF THE ART IN RESPIRATORY MEDICINE**
– Dr. Jane Batt, OTS Better Breathing Chair 2016
1:45 - Pulmonary Toxicity in the Era of Biologics – Dr. Shikha Mittoo
2:10 - Treating Pulmonary Embolism at Home: Radical/economic driven practice or the obvious choice
– Dr. Philip Wells

Learning Objectives:

At the end of this session participants will be able to:

1. Identify safety and toxicity associated with the use of biologics for treatment of severe lung diseases.
2. Explain when it is in the patients best interest to be treated at home vs in the hospital following pulmonary embolism.

This session addresses the following CanMEDS competencies: Communicator, Collaborator, Health Advocate, Medical Expert, Professional and Scholar

OR

1:45 p.m. **OTS PEDIATRIC SESSION: DON'T FORGET THE KIDS! THINGS WORTH KNOWING IF YOU TREAT KIDS, OR PEOPLE WHO USED TO BE KIDS**
– Chair: Dr. Sherri Katz
1:45 - New Tools to Measure Old Diseases in Young Patients – Dr. Grace Parraga
2:15 - Pediatric Pulmonary Hypertension in 2016 – Dr. Tilman Humpl

Learning Objectives:

At the end of this session participants will be able to:

1. Assess how to use new methods to manage pediatric lung disease
2. Explain new developments in understanding and treating pediatric pulmonary hypertension.

This session addresses the following CanMEDS competencies: Communicator, Collaborator, Medical Expert, Professional & Scholar

2:40 p.m. **OTS Award Presentations**

2:45 p.m. **Refreshment break with exhibitors**

RESIDENT CASE PRESENTATIONS

Learning Objective:

At the end of this session, participants will be able to identify and evaluate difficult clinical diagnoses based on presentations of cases by Respiratory Residents from the major Ontario academic centers.

This session addresses the following CanMEDS competencies: Communicator, Medical Expert, Scholar

3:15 p.m. **Resident Case Presentations**
CHAIR: Dr. Rebecca Amer; JUDGES: Dr. David Schneiderman (Ottawa), Dr. Robert Chernish (Kitchener), Dr. Zoe Nugent; SPEAKERS: TBA (one resident from each of six centers)

4:45 p.m. **OTS Annual General Meeting**

5:15 p.m. **OMA Section Meeting**

OTS CONFERENCE PROGRAM

SATURDAY, JANUARY 30, 2016

7:00 a.m. **Registration**

OTS Debates: Controversies in pulmonary medicine

Chair: Dr. Shawn Aaron

Learning Objectives:

At the end of this session participants will be able to:

1. Explain fiscal challenges in providing medications for rare diseases.
2. Identify where further research is needed in breathing & sleep and explain how to better disseminate new developments.
3. Assess the role of fluoroquinolones in the treatment of TB
4. Explain the scientific contribution of birth cohorts and association studies to understand asthma

This session addresses the following CanMEDS competencies: Collaborator, Communicator, Health Advocate, Medical Expert, Professional & Scholar

8:30 a.m. **Be it resolved that there should be public reimbursement for very expensive medications for rare diseases**

Pro: Dr. Gerard Cox

Con: Dr. Gerald Evans

OLA/OTS RESEARCH UPDATE

9:15 a.m. **Understanding the Science of Breathing and Sleep: Critical Importance of Research Funding and Discovery Dissemination** – Dr. Richard Horner

10:00 a.m. **Refreshment Break with Exhibitors**

OTS DEBATES: Controversies in pulmonary medicine

Chair: Dr. Shawn Aaron

10:30 a.m. **Be it resolved that Fluoroquinolones are 1st line treatment for TB**

Pro: Dr. Sarah Brode

Con: Dr. Harvey Wong

11:15 a.m. **Be it resolved that birth cohort and other association studies in Asthma are a waste of time**

Pro: Dr. Thomas Kovesi

Con: Dr. Joe Reisman

12:00 p.m. **Conclusion of the 2016 Better Breathing Conference**

Shawn Aaron, MD, MSc, FRCPC

Senior Scientist, Clinical Epidemiology, Ottawa Hospital Research Institute; Professor of Medicine, Faculty of Medicine, University of Ottawa; Division Head, Division of Respiratory Medicine, The Ottawa Hospital, Ottawa

Rebecca Amer, MD, FRCPC

Associate Professor, Department of Medicine, St Joseph's Healthcare Hamilton; Director, Adult Respiratory Training Program, McMaster University, Hamilton

Jane Batt, MD, PhD, FRCPC

Chair, Better Breathing Conference 2016; Assistant Professor, Faculty of Medicine, University of Toronto; Respiriologist and Medical Director, TB Program, St Michael's Hospital; Scientist, Keenan Research Centre for Biomedical Science, St Michael's Hospital, University of Toronto

Sarah Brode, MD, FRCPC

Clinical Associate; University Health Network and West Park Healthcare Centre, Toronto

Rob Chernish, MD, FRCPC

Respirology and Critical Care, St. Mary's General Hospital, Kitchener

Gerard Cox, MB, BCh, BAO, FRCP(C), FRCP(I)

Professor of Medicine, Division of Respirology, McMaster University, Hamilton

Mirna Dolovich B. Eng., P. Eng.

Professor, Medicine, Faculty of Health Sciences, McMaster University; Member, Research institute, St Joseph's Healthcare; Research Scientist, Firestone Institute for Respiratory Health, St Joseph's Healthcare, Hamilton

Gerald A. Evans, MD, FRCPC

Professor of Medicine, Biomedical & Molecular Sciences and Pathology & Molecular Medicine; Chair, Division of Infectious Diseases, Queen's University; Medical Director, Infection Prevention & Control, Kingston General Hospital/Hôpital Hotel Dieu Hospital, Kingston

Raymond Gottschalk, MBChB(UCT), FRCPC, FCCP, D'ABSM, FAASM, D'ABIM

Clinical Assistant Professor of Medicine, McMaster University.; Director of the Sleep Laboratory and the Asthma and Respiratory Health Centre Hamilton; Quality Assurance Director, Sleep Disorders Clinic, Hamilton

John Granton, MD, FRCPC

OTS Past Chair; OLA Chair; Professor, Faculty of Medicine, University of Toronto; Head, Division of Respirology, University Health Network, Mount Sinai Hospital and Women's College Hospital, Toronto

Samir Gupta, MD, FRCPC, MSc

Assistant Professor, University Of Toronto, Department Of Medicine, Division of Respirology, St. Michael's Hospital; Adjunct Scientist, Keenan Research Centre, Li Ka Shing Knowledge Institute, St. Michael's Hospital, Toronto

Richard L. Horner, PhD

Professor of Medicine and Physiology, University of Toronto; Canada Research Chair, Toronto

Tilman Humpl, MD, PhD

Associate Professor of Pediatrics, University of Toronto; Director, Pulmonary Hypertension Service and Staff Physician, Cardiac Critical Care Unit, Hospital for Sick Children, Toronto

Sherri Katz, MDCM, FRCPC, MSc

Associate Professor, Department of Pediatrics, University of Ottawa; Pediatric Respirologist and Director, Sleep Laboratory, Children's Hospital of Eastern Ontario, Ottawa

Thomas Kovesi, MD, FRCPC

Chair, Ontario Thoracic Society; Professor of Pediatrics, The University of Ottawa; Pediatric Respirologist, Children's Hospital of Eastern Ontario, Ottawa

Natasha B. Leighl, MD, MSc, FRCPC

Associate Professor, Department of Medicine, University of Toronto, Lung Medical Oncology Site Group Lead, Division of Medical Oncology, Princess Margaret Cancer Centre; OSI Pharmaceuticals Foundation Chair in Cancer New Drug Development; Co-Chair, NCIC Clinical Trials Group Committee on Economic Analysis President, Lung Cancer Canada, Toronto

M. Diane Lougheed, MD, M.Sc., FRCP(C)

Professor, Departments of Medicine (Respirology), Biomedical and Molecular Sciences (Physiology), and Public Health Sciences (Epidemiology) Queen's University, Kingston

Douglas McKim MD, FRCPC, DABSM

Professor of Medicine, University of Ottawa; Medical Director, Ottawa Hospital Sleep Centre and CANvent Respiratory Rehabilitation Services, Ottawa

Shikha Mittoo, MD, MHS, FRCPC (Internal Medicine, Rheumatology)

Assistant Professor Medicine, University of Toronto; Staff Rheumatologist, co-research director, ILD Program, Mount Sinai Hospital/University Health Network, Toronto

Onofre Morán, MD, MSc, PhD, FRCPC

Associate Professor, Department of Medicine, Queens University; Respirologist, Division of Respiratory and Critical Care Medicine, Kingston

Zoe Nugent, MBBS, FRCPC

Associate Professor, Department of Family Medicine, Queen's University; Paediatric Respirologist, Peterborough Regional Health Centre, Peterborough

Grace Parraga, PhD

Professor and Graduate Chair, Departments of Medical Biophysics, Oncology, Medical Imaging, and Graduate Program in Biomedical Engineering, The University of Western Ontario; Scientist, Robarts Research Institute, London

Christopher M. Parker, MD, MSc, FRCPC, FCCP

Associate Professor, Departments of Medicine and Biomedical & Molecular Sciences, Division of Respiratory and Critical Care Medicine, Queen's University; Program Director, Respirology Training Program, Queen's University; Attending Respirologist and Co-Director, Intensive Care Unit, Kingston General Hospital, Kingston

Shelley Prevost, RRT, MASc(Resp)

Chair, Ontario Respiratory Care Society; COPD and Asthma Educator, Pulmonary Rehabilitation & Ventilation Programs, St. Joseph's Care Group, St. Joseph's Hospital, Thunder Bay

John (Joe) Reisman, MD, FRCPC, MBA

Professor, Department of Pediatrics, Faculty of Medicine, University of Ottawa, specializing in Respirology; Past Chair & Chief, Department of Pediatrics, Faculty of Medicine, University of Ottawa, Children's Hospital of Eastern Ontario, Ottawa

David Schneiderman, MD, FRCPC

Staff Respirologist, Montfort Hospital, Ottawa

Matthew B. Stanbrook, MD, PhD, FRCPC

Associate Professor, Department of Medicine and Institute of Health Policy, Management and Evaluation University of Toronto; Staff Respirologist, Asthma & Airway Centre, University Health Network; Deputy Editor, CMAJ, Toronto

Marcel Tunks, MD, FRCPC

Assistant Professor, Department of Medicine, McMaster University; Medical Director, Pulmonary Function Laboratory, St. Joseph's Healthcare, Hamilton

Philip Wells, MD, FRCPC, MSc

Professor, Chair and Chief, Department of Medicine; The University of Ottawa, Faculty of Medicine and The Ottawa Hospital; Senior Scientist, Ottawa Hospital Research Institute, Ottawa

Harvey Wong, MD, FRCP(C), MScCH

Assistant Professor, Division of Respirology, Department of Medicine, University of Toronto, Sunnybrook Health Sciences Centre, St. Michael's Hospital, Toronto

Registration for Better Breathing Conference 2016

Name _____ Credentials _____
Organizaton _____
Department _____ Position/Title _____
Address _____ City _____ Postal Code _____
Telephone _____ Fax _____ Email _____

EARLY BIRD REGISTRATION discount applies until December 31, 2015. All applications must be accompanied by cheque, money order or credit card information. Registration is required prior to January 22, 2016. After this date, registration can only be processed on-site. There is a cancellation fee of \$50.00 and after January 22, 2016, no refunds will be issued. YOUR RECEIPT WILL BE INCLUDED IN THE REGISTRATION PACKAGE AT THE CONFERENCE.

INTERNATIONAL DELEGATES: International delegates wishing to attend the Better Breathing Conference (BBC) 2016, note that the BBC does not provide letters of invitation. BBC will provide receipts upon payment of fees as confirmation of registration to assist with securing travel visas. International delegates wishing to attend the conference must register online and pay by credit card.

PHOTOGRAPHS: Photos taken at Better Breathing will be utilized in future BB and OLA promotional material that may include print, electronic or other media including the BB and OLA websites. By participating in BB 2016, you grant Better Breathing and OLA the right to use your profile captured photographically for such purpose.

CONSENT: A list of conference delegates including their contact information will be distributed to conference attendees. Please indicate your agreement for publishing.

YES, please include my name and contact information on the delegate list. NO, please do not include my name and contact information on the delegate list.

REGISTRATION FEES

PLEASE INDICATE YOUR CHOICES FOR FRIDAY LUNCH

GENERAL LUNCH or

LUNCH WITH A PROFESSOR SERIES

Seating is limited to 33 participants for each Lunch with a Professor session. Please indicate first, second and third choice. If all sessions are full at the time of receipt of registration, General Lunch is available.

Inhalers and Devices for Asthma and COPD: A hands on session

BBC 2016 Team Challenge

The Dr. André Péroquin Clinical Case Series

FIRST CHOICE: ___ SECOND CHOICE: ___ THIRD CHOICE: ___

FIRST CHOICE: ___ SECOND CHOICE: ___ THIRD CHOICE: ___

FIRST CHOICE: ___ SECOND CHOICE: ___ THIRD CHOICE: ___

If you have any special dietary requirements, please specify: _____

PLEASE INDICATE YOUR CHOICE FOR FRIDAY AFTERNOON SESSION (1:45 p.m. TO 2:45 p.m.)

OTS AFTERNOON SESSION

THEME: STATE OF THE ART IN RESPIRATORY MEDICINE

1:45 p.m. Pulmonary Toxicity of New Age Biologics

2:10 p.m. Treating Pulmonary Embolism at Home: Radical/Economic Driven Practice or The Obvious Choice

OTS PEDIATRIC SESSION *Seating is limited to 30 participants for this session.*

THEME: DON'T FORGET THE KIDS! THINGS WORTH KNOWING IF YOU TREAT KIDS, OR PEOPLE WHO USED TO BE KIDS

1:45 p.m. New Tools to Measure Old Diseases in Young Patients

2:15 p.m. Pediatric Pulmonary Hypertension in 2016

REGISTRATION

Friday only or Friday and Saturday morning (includes Friday Lunch):

EARLY BIRD REGISTRATION

BEFORE DECEMBER 31, 2015

\$350 - OTS member

\$95 - OTS Membership renewal 2016-2017

\$445 - Non-Member (includes OTS membership to March 31, 2017)

\$95 - Resident Staff

Registration

AFTER December 31, 2015

\$400 - OTS member

\$95 - OTS Membership renewal 2016-2017

\$495 - Non-Member (includes OTS membership to March 31, 2017)

\$95 - Resident Staff

Breathe! Benefit event

An evening of inspiration to benefit Lung Health Research

___ \$250 BBC Registrants

___ \$350 Individual tickets

For more details on this event, please visit www.on.lung.ca/breathe

TO REGISTER FOR BETTER BREATHING

1. **ONLINE:** visit www.betterbreathing.ca

2. **FAX:** complete your registration and satellite session registration forms with payment and fax to (416) 864-9916

3. **MAIL:** complete your registration and satellite session registration forms with payment and send to:

Ontario Thoracic Society, Ontario Lung Association | 18 Wynford Drive, Suite 401 | Toronto, ON M3C 0K8

IMPORTANT: If you are registering for the Better Breathing Conference by mail or fax, **please include a registration form for the satellite sessions with your BBC registration.** To download and print the Satellite Sessions Registration form, visit the BBC website at www.betterbreathing.ca and click on Ontario Thoracic Society. On the form you will need to fill in your name, and your selection of sessions. If you do not plan on attending any please also include this on your form. Return the completed satellite sessions registration form with your BBC registration. All satellite symposia are included with your registration. Meals will be served with all satellite sessions. (Does not apply to those registering online for the conference, registration for satellite symposia is automatic for those registering online).

For more information: Tel: (416) 864-9911 ext. 254 | E-mail: ots@on.lung.ca | www.on.lung.ca/ots

PAYMENT DETAILS Please ensure to include sufficient amount if after December 31, 2015.
